He giveth power to the faint; and to them that have no might he increaseth strength.

Even the youths shall faint and be weary, and the young men shall utterly fall.

But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint.

Isaiah 40: 29-31 (KJV)

* Bridenbaugh also coached Berea High from 1926-36, guiding the Braves (known as the Red Jackets until 1950) to Class B state runner-up finishes in 1927 and 1928. He served as secretary of the SWC from 1953-65. He died in 1986.

* Many schools had track programs in the time period prior to those listed above. Due to an incomplete supply of resources such as high school yearbooks and/or newspaper accounts, it is very difficult to verify or document the names and tenure of these head coaches from earlier time periods.

ENDNOTES

Data for this record book was collected from a combination of sources. Primarily, information of past event winners was recorded from meet results, as well articles from the Chronicle-Telegram, The Plain Dealer, the Cleveland Press, Sun Newspapers, the Berea Enterprise, the Rocky River Hi-Tide, the Medina Gazette newspapers, high school yearbooks, annual state tournament booklets produced by the Ohio High School Athletic Association, plus from telephone and first-person interviews with coaches, former athletes and administrative staff.

About Paul Heyse

Paul Heyse has covered state track and field and state cross country tournaments since 1984. He has been a sportswriter for the Chronicle-Telegram since 1994. Heyse worked for Sun Newspapers, a chain of weekly newspapers, from 1981 until joining the Chronicle staff.

Heyse founded the Lorain County Track and Cross Country Hall of Fame in 2009 and is HOF chair. A total of 102 county legends have been enshrined to date. Each spring in April a class of six are honored at the Lorain County Athletic Administration Association (LCAAA) county track meet.

Since joining the CT he initiated a project of record-keeping track and cross country for Lorain County which carries through to this day. Records and compilations include past state champions and place winners for all three sports dating back to the 1910s for track and 1950s for cross country. Currently, he is working on developing a web site to make bios and pictures of county track and cross country hall of fame inductees and county records more easily accessible to local track fans.

His work includes a series of data booklets of championship meet results for track and cross country for the Southwestern (1936-present), as well as defunct conferences like the Patriot Athletic (2005-19), West Shore (2005-15), Lorain County (1986-2005) and Lakeland (1955-1986) conferences.

This past spring was Heyse's 35th year covering the state high school state track and field state championships in 40 years. This past fall, Heyse covered his 29th consecutive state cross country meet and was his 38th state cross country meet in 40 years dating back to 1985, missing only the 1991 and '95 state meets.

The 2023 OATCCC Distinguished Service Award is the second time Heyse has been recognized by the state track and cross country coaches association. He was also a recipient in 2017. In addition, he was a 2002 Contributor Award recipient by the OATCCC.

In addition to track and cross country, he has been the CT's beat writer for high school swimming and diving since the 1996-97 season.
